

A safe, stable home is more than a roof over a family's head – it's a foundation that supports health, education, financial security, and a brighter future. At Habitat for Humanity of Waukesha & Jefferson Counties, we believe every family deserves the chance to build this strong foundation. This year, we're thrilled to gather for the final Dream Builders Gala, being held at Domenica Park, a neighborhood made possible by the dedication of our community.

In 2025, we celebrate not only the completion of Domenica Park but also our continued growth into Jefferson County and the expansion of key programs, including our Home Preservation Program with the addition of our Lead Safe Homes Program. As we look ahead to 2033, our vision includes building 20 homes annually and completing 30 repair projects across 3 communities – a goal we are nearly halfway to accomplishing thanks to the ongoing support of partners like you.

Join us for the final Dream Builders Gala at Domenica Park on Friday, June 13, 2025, and enjoy a memorable evening under a beautiful tent, featuring delicious food, signature cocktails, house tours, and opportunities to connect with local community leaders and changemakers. Let's come together to build on our successes and create lasting, positive change across the region. We can't wait to celebrate with you!

A handwritten signature in blue ink that reads "Melissa Songco".

40 Home Renovation Repairs

For People, Not Profit.

Since 1989, Habitat for Humanity has been the primary provider of homeownership opportunities in Waukesha County, and our recent expansion into Jefferson County marks a bold commitment to tackling access to affordable housing across the region. With the growing housing crisis, our mission has never been more urgent or visible. This expanded reach allows us to intensify our efforts, focusing on affordable homeownership as we drive transformative change.

***Mission:** Seeking to put God's love into action, Habitat for Humanity brings people together to build homes, communities, and hope.*

While we're best known for building new homes, our approach reaches far beyond new construction. Through initiatives like our Home Preservation and Lead Safe Homes Programs, we're strengthening entire communities and protecting the homes that families depend on. Powered by local partnerships with businesses, faith organizations, and dedicated individuals, we're not just envisioning change—we're actively building it.

Together, we're creating resilient, sustainable communities where families can finally achieve the dream of homeownership and the stability and security they deserve.

Today, Habitat Waukesha Community Impact Includes:

- **Homeownership:** New home construction and rehabilitation of vacant homes
- **Home Preservation:** Improvement, preservation, lead paint remediation, and repair of owner-occupied homes
- **ReStore:** Our ReStore accepts donations of gently used household goods and building materials for resale at a fraction of the cost — it's good for the environment and the community
- **Advocacy:** We work hard to support policies to make the #CostofHome something we can all afford
